HOLSTEINS PROMINENT AT KENTUCKY STATE FAIR

Prize Money Doubled For the "Stars of the Show."

Holsteins will be one of the most prominent classes in the beef cattle department of the coming Kentucky State Fair, to be held in Louisville the week of Sept. 10. The prize list for this breed of efficient dairy performers has been doubled and now represents the interesting sum of \$800.

All of the classes throughout the beef cattle department have been largely increased, but the Holstein aggregation bids fair to be the "stars of the show." A model dairy in operation is promised as an adjunct to the dairy cattle exhibition, and there will be new features of scientific dairy management marking the cattle exhibit of the fifteenth annual State Fair.

CANS FOR CANNING CLUBS.

Dixon, Moore & Co., wholesale grocers of Louisa, aided by Louisa citizens, bought nearly a car load of the standard quality and make of tin cans, with the proper sized openings for sealing with a capping steel. They are selling them at exactly the cost of delivering them in their ware rooms. The price of all grades and kinds of cans is very high, but the price obtainable for standard canned goods is much higher. When cans cost two and a half cents each the contents of a dozen cans brought 35c to 40c net. The contents now bring 75 cents more than the cost of the cans. So everybody is better off except the consumer and he is always the "goat."

A woman was complaining about the cost of cans recently and said she had about concluded to let her tomatoes rot in the patch rather than pay such prices. That is a fair specimen of the business ability that a lot of people haven't got.
